

WELCOME

Half term was busy in school with joiners in building the new shelter for Oak class. It's a huge improvement on the rotten structure that was there and Mrs Bond is excited to add more resources to the area for the children to explore in their learning.

Silver birch class will have to wait until Easter for the flooring to be repaired. This will mean that a new carpet will be laid and governors are currently planning how to redecorate the room before Easter.

Further plans to improve the learning environments throughout the school will be agreed by governors when funding allows work to commence.
