Oak Class

We have had a busy two weeks learning all about Goldilocks and the three bears. We have had fun making paper plate Goldilocks and also our own bears for our display. We worked together to decorate them. We have concluded that Goldilocks didn't do the right thing going into the bears house without an invite and also it is not kind to break things. We have made a wanted poster for Goldilocks and we are going to teach her the right thing and invite her to share our honey sandwiches with the 3 bears.

Star of the fortnight is Bradley A for always being cheerful and having a positive attitude.

Maple Class

In Maple Class we have been exploring different micro-habitats. We went on a minibeast hunt around the forest school area and discovered lots of creatures hiding under logs, on leaves or even in the soil. We then described the conditions and why these minibeasts are suited to their habitat.

Star of the fortnight is Sol S for an excellent attitude towards learning and she leads by example.

Silver Birch Class

Silver Birch have been learning about The Shang Dynasty and some of the rituals such as Dragon bones. We are comparing the period of time to our previous learning on the Bronze Age next week. In DT we have been making mechanical CAM Chinese Dragons to share with Oak Class.

Star of the fortnight is Maddie J who has shown commitment to her learning.
